KS3 & KS4 UIC APPROVED Sports' Footwear

It is not necessary to purchase a particular brand of sports' trainers / running shoes – what is most important is that sports' footwear is serviceable for physical activity, providing the correct amount of cushion, grip and support, as well as being suitable for indoor and hard surfaces.

Opposite is an example of UIC approved sports' footwear.

KS3 & KS4 UIC UNAPPROVED Sports' Footwear

Fashion trainers such as Converse / Vans / Nike Air Force etc **must not** be worn – these types of footwear are not serviceable for physical activity, they do not provide appropriate cushion, grip and support which therefore could result in ankle/foot injury.
