2. The date of birth of one of your children who attend Ulidia (this is just for verification purposes)
3. A Microsoft, Google, Facebook or Twitter account. You can use an existing account, for example a hotmail account, or create a new one online - they are free and easy to set up.

Troubleshooting: Why can't I register?

If you see **The code you have entered is not recognised** message, this means that you have either tried to register using a code belonging to another person (e.g. a parent using a child's SIMS Student invitation to try to register for SIMS Parent) or you have used an out-of-date code (e.g. you have received more than one invitation email and have not used the most recent one).
Check you have used the correct email to register.
Check you are signed in with the account.
